59999. Medi-Cal Drug Formulary.**(a) General Provisions.**

(1) Paragraph (b) below is an alphabetical list of drugs covered under Section 51313 and payable under Section 51513(b).

(2) Paragraph (c) below is an alphabetical list of drugs covered under Section 51313 and payable under Section 51513(c).

(3) Paragraph (d) below is an index of therapeutic classifications for drugs listed in Sections 59999(b) and 59999(c).

(4) Paragraph (e) below is a manufacturer code listing which shall be used for billing purposes.

(5) Code I drugs, marked * require prior authorization unless used under the conditions individually specified.

(6) This Section does not apply to items administered as a part of a physician's, dentist's, or podiatrist's service.

(7) Drugs are listed by their generic name. Some trade names are included as cross references. For details regarding the products covered always refer to the generic listing. Omission of a trade name does not indicate that it is not allowable for payment.

(8) Where drugs are indicated by specific dosage forms, their use is limited to such method of administration (i.e., ophthalmic ointments are limited to ophthalmic use) unless otherwise authorized.

(9) Unless otherwise authorized, when a manufactured dosage form or strength is specifically listed, only those dosage forms or strengths listed are allowable for payment. A listed drug, when prepared by the provider in an unlisted dosage form and/or strength, is payable. Use the appropriate four digit numerical drug code plus the letter Z (e.g., 0000Z).

(10) The following items and other common household remedies are not covered:

(A) Aspirin and other nonlegend analgesic preparations, except for those listed in Section 59999(b).

(B) Laxatives and agents affecting fecal consistency, except that localized ganglionic stimulating laxative suppositories may be covered subject to prior authorization for patients medically diagnosed with the following diseases, when that disease affects bowel motility:

1. Paraplegia or quadriplegia from any cause.
2. Multiple sclerosis.
3. Poliomyelitis.
4. Ganglionic blockade processes occurring in the spinal nerve pathways or affecting the lumbo-sacral autonomic nervous system pathways related to bowel motility.

(C) Lubricants and rubbing compounds, except for those listed in Section 59999(c).

1302

SOCIAL SECURITY

TITLE 22

(Register 77, No. 22—5-23-77)

(D) Nutritional supplements or replacements except that these items may be covered, subject to prior authorization, if used as a therapeutic regimen to prevent serious disability or death in patients with medically diagnosed conditions that preclude the full use of regular food-stuffs.

(E) Vitamin combinations for persons over 5 years of age.

(11) Generic drug type codes listed in Section 59999(b) preceded by “#” shall meet the minimum quantity requirements specified in Section 51513(b) (2).

(12) Generic drug type codes listed in Section 59999(b) preceded by “†” shall meet the frequency of billing requirements specified in Section 51513(b) (3).

(13) The EAC for all of the drug products manufactured or distributed by those pharmaceutical companies preceded by “†” in Section 59999 (e) shall be the company's direct price in accordance with Section 51513.5.
